

Clock with Stopwatch

Provides a Clock with Stopwatch

Pressure of Fuel and Oil

Displays the Pressure of Fuel and Oil in kg/cm2

Gear and Flaps Status Indicator

Displays the status of the Landing Gear and Flaps

Flow of Oxygen Indicator

Displays the Flow of Oxygen

Pressure of Oxygene Cylinder

Displays the Pressure of Oxygene Cylinder

Trim Indicator

Displays the position of the elevator trim

Pressure of Water/Methanol (MW-50)

Displays the Pressure of Water/Methanol (MW-50) System in kg/cm2

Temperature of Coolant

Displays the Temperature of the coolant in Deg C

Temperature of Engine Oil

Displays the Temperature of the engine oil in Deg C

Supercharger Pressure

Displays the Supercharger Pressure in atmospheres

RPM of Engine

Displays the RPM of the engine

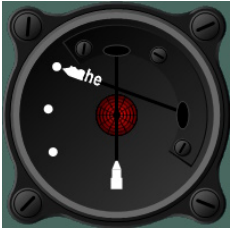

Fuel Contents and Warning Light

Displays the Fuel Tanks Content in liters and a Low Fuel Warning Light

Magnetic Compass

Displays the magnetic heading

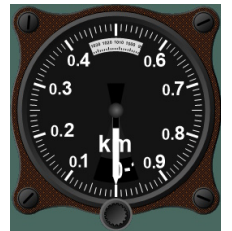

AFN2 - Homing Indicator

Displays direction and distance from homing beacon

Airspeed Indicator

Displays airspeed in kilometers per hour (km/h)

Altimeter with Barometric Pressure adjustment

Displays altitude in kilometers

Artificial Horizon

Displays attitude of aircraft incl. slip and turn indicator

Vertical Speed Indicator

Displays the rate at which the aircraft climbs or descends in meters/second
